

## **Welcome to Adorn Orange Theme**

### **Compatible with Magento :-**

PHP : >= 5.6

Magento Community: >= 2.2.x

### **Description :-**

We would like to thank you for purchasing Adorn Orange Theme. We are very pleased you have chosen Adorn Orange Theme(or interested in :) for your website, you will be never disappointed! Before you get started, please be sure to always check out this documentation. We outline all kinds of good information, and provide you with all the details you need to use Adorn Orange Theme. Adorn can only be used with Magento 2.x and we assume that you already have Magento installed and ready to go.

If you are unable to find your answer here in our documentation, we encourage you to contact us through Adorncommerce store item support page with your site CPanel(or FTP) and Magento admin details. We're very happy to help you and you will get reply from us more faster than you expected. Thank you, we hope you to enjoy using Adorn Orange Theme.

### **Manually Theme Installation :-**

#### **Step 1. Theme Upload :-**

Download theme package from Adorn, unzip it (**app > design > frontend > Adorn Theme.zip**) and upload app and pub folders to the root of your Magento folder. So content of the app goes to app and pub goes to pub. You can use some FTP software like FileZilla. Make sure that all theme folders and files has been uploaded successfully.

## Step 2. Deployment :-

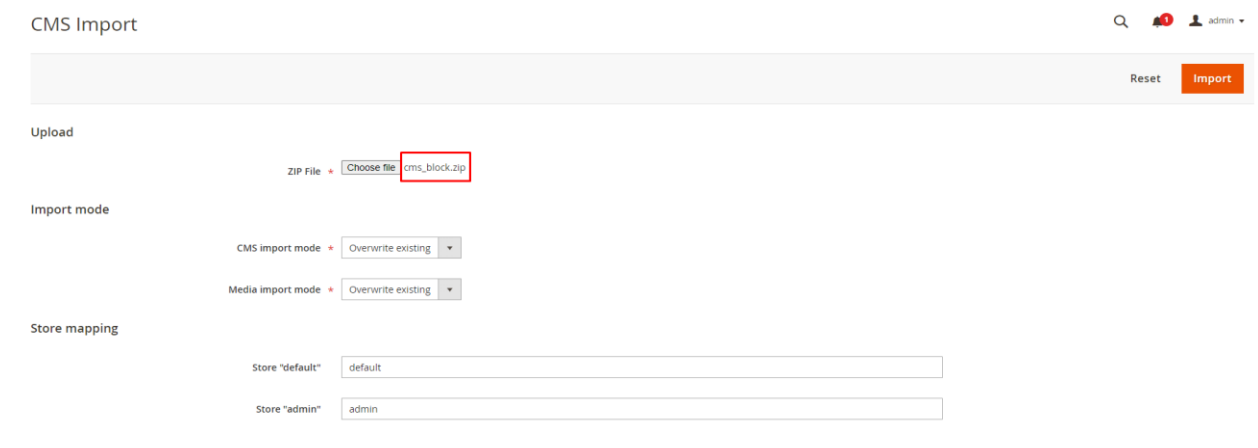

open command line in folder root of magento and run commands via ssh using putty or others,

- **php bin/magento setup:upgrade**
- **php bin/magento setup:static-content:deploy**
- **Clear all Caches**

## Demo Installation :-

1. In admin panel, you go to Theme Installer (**Content > Elements : Import**).

Theme Installer shows as zip file in app > design > frontend > Adorncommerce\_orange.

The screenshot shows the 'CMS Import' page in the Magento admin panel. At the top right, there is a search icon, a notification bell, and a user profile icon labeled 'admin'. Below this is a 'Reset' button and an orange 'Import' button. The main content area is divided into three sections: 'Upload', 'Import mode', and 'Store mapping'. In the 'Upload' section, there is a 'ZIP File' label and a 'Choose file' button next to a text input field containing 'cms\_block.zip', which is highlighted with a red box. In the 'Import mode' section, there are two dropdown menus: 'CMS import mode' and 'Media import mode', both set to 'Overwrite existing'. In the 'Store mapping' section, there are two text input fields: 'Store "default"' with the value 'default' and 'Store "admin"' with the value 'admin'.

2. Login to Magento admin panel and switch to Adorncommerce Orange Theme in **Content > Design : Configuration** choose where you want to apply theme, to all stores or a specific store view and click **Edit**. Then choose theme in Applied Theme select field.

## Main Website

Scope: Website

## Default Theme

Applied Theme

Adorncommerce Orange Theme  
-- No Theme --  
Adorncommerce Orange Theme  
Magento Blank  
Magento Luma

The system default may be modified by third-party extensions.

## Design Rule

### User Agent Rules

User agent exceptions override product and CMS pages rules.

## Note:-

Until Backend returns success message, Go to **System -> Cache management**. Select all, choose refresh action and submit. Adorn Orange theme has been applied for Front-end. and Alternatively you can use command line: **php bin/magento cache:clean** to refresh cache.

## Adorncommerce Design Panel :-

You can change any colors for each elements by using color pickers or by specifying color value manually. You can also apply background image for the main sections of the page. In this option, you can set main color of entire store, and you can apply specific color settings in below options.

Go to **Stores > Configuration > Adorncommerce > Themes Editor** section to start your own design configuration. Names of all settings are pretty self-explanatory.

### 1. Layout :-

#### Layout

Body background ...

Color [store view]	#fff	<input checked="" type="checkbox"/> Use system value
Image [store view]	Choose file No file chosen	<input checked="" type="checkbox"/> Use system value
Repeat [store view]	no-repeat	<input checked="" type="checkbox"/> Use system value

## 2. Header Styles :-

### Header Styles

#### Header background ...

<b>Color</b> <small>[store view]</small>	<input type="text" value="#101824"/>	<input checked="" type="checkbox"/> Use system value
<b>Image</b> <small>[store view]</small>	<input type="button" value="Choose file"/> No file chosen	<input checked="" type="checkbox"/> Use system value
<b>Repeat</b> <small>[store view]</small>	<input type="text" value="no-repeat"/>	<input checked="" type="checkbox"/> Use system value

#### Header top panel ...

<b>Text color</b> <small>[store view]</small>	<input type="text" value="#a9a9a9"/>	<input checked="" type="checkbox"/> Use system value
<b>Border bottom width</b> <small>[store view]</small>	<input type="text" value="1px"/>	<input checked="" type="checkbox"/> Use system value
<b>Border bottom style</b> <small>[store view]</small>	<input type="text" value="solid"/>	<input checked="" type="checkbox"/> Use system value
For example, solid, dashed or double. Read more about <a href="#">border-bottom-style property</a> .		
<b>Border bottom color</b> <small>[store view]</small>	<input type="text" value="rgba(216, 216, 216, 0.3)"/>	<input checked="" type="checkbox"/> Use system value

### Buttons

#### Search button ...

<b>Background</b> <small>[store view]</small>	<input type="text" value="#f54336"/>	<input checked="" type="checkbox"/> Use system value
<b>Hover State Background</b> <small>[store view]</small>	<input type="text" value="#d4180b"/>	<input checked="" type="checkbox"/> Use system value

#### Minicart button ...

<b>Background</b> <small>[store view]</small>	<input type="text" value="#42ca49"/>	<input checked="" type="checkbox"/> Use system value
