# How does a Review Reminder Work ?

Review Reminder functionality is work only for Completed Order. After order complete customers receive the email of review reminder.

Now, You need to add a Review for Product. Click on the “Write a Review” button. It will redirect to the product review Section.

After submitting the review Admin can verify the Review and after approved the review customer is able to get Email With the coupon code.

## THANK YOU FOR YOUR REVIEW

Dear Ronak Rathod

Yay! Thanks for your review! We love hearing from you.

As promised, find your coupon code below.
